

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Troy Woodard
DOCKET NO.: 08-25156.001-R-1
PARCEL NO.: 15-08-225-032-0000

The parties of record before the Property Tax Appeal Board are Troy Woodard, the appellant, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,175
IMPR.: \$17,908
TOTAL: \$21,083

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story dwelling of masonry construction containing 1,667 square feet of living area. The dwelling is 69 years old. Features of the home include a full finished basement, central air conditioning, a fireplace and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as 2-story frame or masonry dwellings that range in age from 72 to 113 years old. The comparable dwellings range in size from 1,719 to 2,083 square feet of living area. All comparables feature full basements, two of which are finished. Two comparables feature central air conditioning, two have 1 or 2 fireplaces and three have 1½ or 2-car garages. The comparables have improvement assessments ranging from \$3.95 to \$9.70 per square foot of living area. The subject's improvement assessment is \$10.74 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of 2-story frame and masonry dwellings that range in age from 64 to 83 years

old. The dwellings range in size from 960 to 1,302 square feet of living area. All comparables feature full or partial basements, three of which are finished. Three comparables have central air conditioning and all four feature 1½ or 2-car garages. These properties have improvement assessments ranging from \$11.99 to \$14.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Comparables #2, #3 and #4 submitted by the appellant were frame dwellings with no masonry. Comparables #1 and #4 were significantly larger than the subject. And appellant's comparables #3 and #4 were also significantly older than the subject. All four of the board of review's comparables were much smaller than the subject. Therefore the Board finds none of the comparables submitted by either party were particularly similar to the subject in size, exterior construction and age. The comparables submitted by both parties had improvement assessments that ranged from \$3.95 to \$14.87 per square foot of living area. The subject's improvement assessment of \$10.74 per square foot of living area is within the range established by the comparables. The Board finds the appellant has not proven assessment inequity by clear and convincing evidence and therefore no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
