

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Petrenko
DOCKET NO.: 08-25188.001-R-1
PARCEL NO.: 13-16-125-008-0000

The parties of record before the Property Tax Appeal Board are Joseph Petrenko, the appellant, by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,200
IMPR.: \$36,592
TOTAL: \$43,792

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story class 2-11 multi-family dwelling of masonry construction containing 2,610 square feet of living area. The building is 85 years old. Features of the building include a full unfinished basement and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County.

The appellant's appeal is based on assessment equity and contention of law¹. The appellant submitted information on four comparable properties described as class 2-11 2-story multi-family dwellings of frame, masonry or frame and masonry construction that range in size from 2,114 to 3,262 square feet of living area. The buildings range in age from 51 to 96 years. Each of the comparables has the same neighborhood code as the subject property. Three comparables feature full basements, one with finished area, and one is on a slab foundation. The comparables feature 1 or 2-car garages. The comparables have improvement assessments ranging from \$19,956 to \$35,000 or from \$9.44 to \$10.80 per square foot of living area. The subject's improvement assessment is \$36,592 or \$14.02 per square foot of

living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$26,361 or \$10.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with 2-story class 2-11 multi-family dwellings of masonry construction that range in size from 2,562 to 2,800 square feet of living area. The buildings are either 81 or 85 years old. Each has the same neighborhood code as the subject property. Features of the comparables include full unfinished basements and 1 or 2-car garages. These properties have improvement assessments ranging from \$37,192 to \$40,646 or from \$13.68 to \$15.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables #3 submitted by the appellant and all four comparables submitted by the board of review were most similar to the subject in size, exterior construction and features. These comparables had improvement assessments that ranged from \$10.80 to \$15.86 per square foot of living area. The subject's improvement assessment of \$14.02 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
