The parties of record before the Property Tax Appeal Board are Tom Gruber, the appellant, by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$6,963
IMPR.: \$20,460
TOTAL: \$27,423**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is in neighborhood code 80 and is improved with a 2-story dwelling of masonry construction containing 1,472 square feet of living area. The dwelling is 66 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 2-car garage. The property has a 5,120 square foot site and is located in Elmwood Park, Leyden Township, Cook County.

The appellant's appeal is based on assessment equity and contention of law.¹ The appellant submitted information on three comparable properties described as 2-story dwellings of frame, masonry or frame and masonry construction that ranged in size from 2,041 to 2,052 square feet of living area. The dwellings range in age from 82 to 115 years. All three comparables have neighborhood codes of 30. The comparables feature full unfinished basements and 1 to 3-car garages. One of the comparables features central air conditioning. The comparables have improvement assessments ranging from \$21,819 to \$26,052 or from \$10.65 to \$12.70 per square foot of living area. The subject's improvement assessment is \$20,460 or \$13.90 per square foot of living area. Based on this evidence, the appellant requested a reduction in

the subject's improvement assessment to \$17,252 or \$11.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with 2-story dwellings of masonry construction that range in size from 1,469 to 1,615 square feet of living area. The dwellings range in age from 63 to 68 years. Each has the same neighborhood code as the subject property. Features of the comparables include full basements, three with finished area, and 1, 1½ or 2-car garages. Two comparables feature central air conditioning and two have fireplaces. These properties have improvement assessments ranging from \$28,503 to \$29,838 or from \$17.65 to \$20.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the board of review comparables are most similar to the subject in size, location, exterior construction and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$17.65 to \$20.00 per square foot of living area. The subject's improvement assessment of \$13.90 per square foot of living area is below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
