

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathleen Mungo
DOCKET NO.: 08-25595.001-R-1
PARCEL NO.: 18-09-400-026-0000

The parties of record before the Property Tax Appeal Board are Kathleen Mungo, the appellant, by attorney Margaret E. Graham, of McCracken, Walsh & de LaVan in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,960
IMPR.: \$ 30,137
TOTAL: \$ 35,097

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 6,200 square feet of land, which contains two improvements. Improvement #1 is a 65 year old, multi-story, stucco, single-family dwelling. The subject's improvement size is 1,268 square feet of living area. Improvement #2 is a 68 year old, multi-story, stucco, single-family dwelling. The subject's improvement size is 1,268 square feet of living area. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for five properties suggested as comparable to Improvement #1. The comparables are described as one-story or one and one-half-story, frame, masonry, frame and masonry, or stucco, single-family dwellings. Additionally, the comparables range: in age from 40 to 61 years; in size from 1,070 to 1,313 square feet of living area;

and in improvement assessments from \$19.25 to \$19.96 per square foot of living area. The comparables also have various amenities. The appellant failed to submit an individual improvement assessment for each subject dwelling. Additionally, no comparables were submitted for Improvement #2. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's total improvement assessment of \$30,137 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as comparable to Improvement #1. The comparables are described as one-story, masonry, single-family dwellings. Additionally, the comparables range: in age from 46 to 53 years; in size from 1,302 to 1,435 square feet of living area; and in improvement assessments from \$20.67 to \$22.65 per square foot of living area. The comparables also have several amenities.

The board of review also submitted descriptive and assessment information for four properties suggested as comparable to Improvement #2. The comparables are described as one-story, masonry, single-family dwellings. Additionally, the comparables range: in age from 50 to 52 years; in size from 1,313 to 1,500 square feet of living area; and in improvement assessments from \$18.45 to \$19.66 per square foot of living area.

The board of review failed to submit an individual improvement assessment for each subject dwelling as well. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation

"showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that neither party submitted an individual 2008 improvement assessment for each dwelling. Only a total improvement value of \$30,137 was submitted. As such this Board is unable to determine the subject's comparability to the parties' suggested comparables. Accordingly, the Board finds that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
