

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leo Arshin
DOCKET NO.: 08-25760.001-R-1
PARCEL NO.: 03-09-409-056-0000

The parties of record before the Property Tax Appeal Board are Leo Arshin, the appellant, by attorney David C. Dunkin, of Arnstein & Lehr in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,597
IMPR.: \$12,776
TOTAL: \$23,373

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story class 2-95 townhouse dwelling of frame construction containing 1,335 square feet of living area. The dwelling is 25 years old and on a slab foundation. Features of the home include central air conditioning and a 1-car garage. The property has a 3,785 square foot site and is located in Wheeling, Wheeling Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on four comparable properties described as 2-story class 2-95 townhouse dwellings of frame construction on slab foundations. They range in size from 1,332 to 1,356 square feet of living area and are either 24 or 25 years old. Each comparable has the same neighborhood code as the subject property. Features of the comparables include 1 or 2-car garages. Two comparables feature central air conditioning and one has a fireplace. The comparables have improvement assessments ranging from \$10,059 to \$11,177 or from \$7.53 to \$8.39 per square foot of living area. The subject's improvement assessment is \$12,776 or \$9.57 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$10,587 or \$7.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties improved with 2-story class 2-95 townhouse dwellings of frame construction on slab foundations. They range in size from 1,332 to 1,350 square feet of living area and are either 25 or 27 years old. Each has the same neighborhood code as the subject property. Features of the comparables include 1 or 2-car garages. Two comparables feature central air conditioning. These properties have improvement assessments ranging from \$13,155 to \$14,985 or from \$9.88 to \$11.22 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds appellant's comparable #1 and the board of review comparables #1 and #3 are the most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$7.78 to \$11.22 per square foot of living area. The subject's improvement assessment of \$9.57 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
