

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Morrissey
DOCKET NO.: 08-25807.001-R-1
PARCEL NO.: 04-09-102-016-0000

The parties of record before the Property Tax Appeal Board are Dennis Morrissey, the appellant, by attorney Mitchell L. Klein of Schiller Klein, PC, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,707
IMPR.: \$47,585
TOTAL: \$60,292

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame and masonry construction containing 2,266 square feet of living area. The dwelling is 41 years old. Features of the home include a partial basement, central air conditioning, a fireplace and a one-car garage. The property has a 12,129 square foot site and is located in Northbrook, Northfield Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on four comparable properties described as two-story dwellings of frame and masonry construction that ranged in size from 2,344 to 2,586 square feet of living area. Three of the dwellings are 42 years old and the fourth comparable is 36 years old. Each comparable has the same neighborhood code as the subject property. Features of the comparables include a partial basement and a two-car garage. Two of the comparables have a finished recreation room in the basement. Three of the comparables have central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$45,239 to \$46,315 or from \$17.72 to \$18.02 per square foot of living area. The subject's improvement assessment is \$47,585 or \$20.99 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$40,604.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with two-story dwellings of frame and masonry construction that range in size from 2,003 to 2,200 square feet of living area. The dwellings range in age from 38 to 43 years old. Each has the same neighborhood code as the subject property. Features of the comparables include a partial basement, central air conditioning, a fireplace and a two-car garage. These properties have improvement assessments ranging from \$47,733 to \$48,705 or from \$22.10 to \$23.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Property Tax Appeal Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable. The Board finds the board of review comparables are the most similar to the subject in size, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$22.10 to \$23.84 per square foot of living area. The subject's improvement assessment of \$20.99 per square foot of living area is below the range established by the best comparables in this record. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is supported and that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
