

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joan Couris
DOCKET NO.: 08-26051.001-R-1
PARCEL NO.: 06-18-207-025-0000

The parties of record before the Property Tax Appeal Board are Joan Couris, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,857
IMPR.: \$6,087
TOTAL: \$10,944

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 7,590 square foot parcel of land improved with a 34-year old, one-story, frame, single-family dwelling containing 1,007 square feet of living area. The appellant argued that the market value of the subject property is not accurately reflected in its assessed value.

In support of this overvaluation argument, the appellant submitted a copy of the settlement statement for the subject showing the subject sold in April 2009 for \$114,000. The settlement statement, Line 700, shows a broker's commission was paid. In addition, the petition indicates the sale was not a transfer between related parties, the property was advertised for sale, and that a realtor was involved in the transaction. Based on this evidence, the appellant requests a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$17,500 was disclosed. This assessment reflects a market value of \$182,292

using the Illinois Department of Revenue's 2008 three year median level of assessment for class 2 property of 9.60%.

In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable. The properties are described as one-story, frame, single-family dwellings. The properties 34-years old and range in size from 1,007 to 1,077 square feet of living area and in improvement assessments from \$12.80 to \$14.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the testimony, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the PTAB concludes that the evidence indicates a reduction is warranted.

The PTAB finds the best evidence of the subject's market value is the sale of the subject in April 2009 for \$114,000. The settlement statement and petition support the arm's length nature of the sale.

Based on this record the Property Tax Appeal Board finds that the subject property had a market value of \$114,000 for the 2008 assessment year. Since market value has been determined, the 2008 three year median level of assessment of 9.60% for class 2 property as established by the Illinois department of Revenue shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
