

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elisa Bernard
DOCKET NO.: 08-26284.001-R-1
PARCEL NO.: 18-19-103-069-0000

The parties of record before the Property Tax Appeal Board are Elisa Bernard, the appellant, by attorney David C. Dunkin, of Arnstein & Lehr in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 37,073
IMPR.: \$ 203,172
TOTAL: \$ 240,245

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of 40,297 square feet of land improved with a 7-year old, two-story, masonry, single-family dwelling. The improvement contains 5,590 square feet of living area as well as a full basement, eight full and two half-baths, five fireplaces, and a four-car garage.

The appellant argued that there was unequal treatment in the assessment process of the subject's land and improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment data for 10 suggested comparables. They are improved with a multi-story, single-family dwelling with masonry or frame and masonry exterior construction. They range: in age from 6 to 14 years; in improvement size from 5,124 to 7,965 square feet of living area; and in improvement assessments from \$20.84 to \$30.08 per square foot. The subject's improvement assessment is at \$54.23 per square foot of living area. The properties also include varying amenities. Based upon this analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$340,236. The board of review submitted descriptive and assessment data relating to the subject property. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the arguments as well as reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the data, the Board finds that the appellant has met this burden and that a reduction is warranted.

The Board finds that the board of review failed to proffer any evidence in support of the subject's assessment. Further, the Board finds that the appellant's comparables #1, #4, #5, #6 and #7 are most similar to the subject and were accorded most weight in the Board's analysis. The comparables range in improvement assessments from \$22.50 to \$29.20 per square foot of living area. The subject's improvement assessment at \$54.23 per square foot is above the range established by these comparables. After making adjustments to the comparables for location, improvement age, and improvement size as well as varying amenities, the Board finds that the subject's assessment is still above the adjusted range of these comparables.

Therefore, the Board finds that the appellant has demonstrated that the subject is inequitably assessed and that a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
