

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ralph Hanses
DOCKET NO.: 08-26603.001-R-1
PARCEL NO.: 01-03-400-032-0000

The parties of record before the Property Tax Appeal Board are Ralph Hanses, the appellant, by attorney Julie Realmuto of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$26,236
IMPR: \$106,275
TOTAL: \$132,511**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of stucco construction containing 4,017 square feet of living area. The dwelling is 4 years old. Features of the home include a full basement finished with a recreation room, central air conditioning, two fireplaces and a 2.5-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on six comparable properties, however, the appellant provided detailed descriptive information on only four of these comparable properties. The Board will not consider the comparables that do not have descriptive information. The remaining four comparables are described as one-story frame or frame and masonry dwellings that range in age from 38 to 58 years old. The comparable dwellings range in size from 3,270 to 4,160 square feet of living area. Two comparables have partial finished basements and one comparable has a full finished basement. Each comparable has central air conditioning and a fireplace. The appellant did not include any data concerning garages for the comparables. However, photographs depict an attached garage for one comparable. The comparables have improvement assessments ranging from \$15.97 to \$18.05 per square foot of living area. The subject's improvement assessment is \$28.46 per square foot of

living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented description and assessment information on one comparable property consisting of a 1.5-story masonry dwelling that is 42 years old. The dwelling has 4,176 square feet of living area. This comparable has a slab foundation. Features include central air conditioning, two fireplaces and a 2-car garage. This property has an improvement assessment of \$28.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the remaining comparables submitted by both parties are similar in most aspects, but are substantially older than the subject property. These comparables have an improvement assessment of \$15.97 to \$28.45 per square foot of living area. The subject's improvement assessment of \$26.46 per square foot of living area is within the range established by both parties' comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is justified given its age and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
