

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vincent Schwab  
DOCKET NO.: 08-26717.001-R-1  
PARCEL NO.: 13-09-219-033-0000

The parties of record before the Property Tax Appeal Board are Vincent Schwab, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 7,020  
**IMPR.:** \$ 20,681  
**TOTAL:** \$ 27,701

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 3,375 square foot parcel of land improved with a one-story, single-family dwelling of frame construction containing 784 square feet of living area. The dwelling is 83 years old. Features of the home include a full unfinished basement, a full bathroom and an one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as one-story, single-family masonry dwellings that range in age from 53 to 83 years old. The comparable dwellings range in size from 800 to 990 square feet of living area. Features include a full unfinished basement, one bathroom or one and half bathrooms and air conditioning and a two-car garage for two properties. The comparables have improvement assessments ranging from \$21.96 to \$23.99 per square foot of living area. The subject's improvement assessment is \$26.38 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$27,701 was disclosed. The subject's improvement assessment is \$20,681 or \$26.38 per square foot of living area. The board of review

presented descriptions and assessment information on four comparable properties consisting of one-story, frame single family dwellings that range in age from 72 to 83 years old. The dwellings range in size from 774 to 838 square feet of living area. Features include one bathroom, full unfinished basement, and a one-car or a two-car garage for three properties. These properties have improvement assessments ranging from \$26.24 to \$29.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparable #3 submitted by the appellant and comparables #1, #2 and #3 submitted by the board of review parties are most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$23.96 to \$28.33 per square foot of living area. The subject's improvement assessment of \$26.38 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
