

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony A. Gentile
DOCKET NO.: 08-27488.001-C-1
PARCEL NO.: 15-08-412-036-0000

The parties of record before the Property Tax Appeal Board are Anthony A. Gentile, the appellant, by attorney John P. Fitzgerald, of Fitzgerald Law Group, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 6,742
IMPR: \$ 13,258
TOTAL: \$ 20,000**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 9,365 square foot parcel of land improved with a 49-year old, two-story, masonry, commercial building containing 4,200 square feet of building area. The improvement contains two commercial units on the first floor as well as two apartments on the second floor.

The appellant argued that the market value of the subject property is not accurately reflected in the property's assessed valuation as the basis of this appeal.

In support of the market value argument, the appellant submitted an appraisal report of the subject property with an effective date of January 1, 2008. The appraiser estimated a market value for the subject of \$125,000, based upon development of the sales comparison approach to value. The appraiser inspected the subject on November 19, 2008. Exterior photographs of the subject and the sale comparables were also included in this appraisal. He developed a highest and best use as vacant, for commercial development, while the highest and best use as improved was its current use. The appraiser developed a sales comparison approach using five sale comparables. After making

adjustments to the comparables for pertinent factors, the appraiser opined a market value for the subject of \$125,000. Based upon this evidence, the appellant requested a reduction in market value, while specifically requesting a total assessed value of \$20,000 for this subject property.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$30,526. The subject's assessment reflects a market value of \$317,979 using the Cook County Ordinance level of assessment for mixed-use, class 2-12 property of 9.60%.

In support of the subject's market value, descriptive and assessment data was submitted for three properties suggested as equity comparables. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the arguments and reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. After submission of the parties' evidence, they waived their right to a hearing.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the Board concludes that the appellant has met this burden and that a reduction is warranted.

The Board finds the best evidence of the subject's market value to be the appellant's appraisal, which utilized one of the three traditional approaches to value in developing the subject's market value. The Board also finds the appraisal to be persuasive for the appraiser: has experience in appraising and assessing property; personally inspected the subject property; estimated a highest and best use for the property; and utilized market data in undertaking the sales comparison approach to value, while making adjustments to the comparables where necessary.

In contrast, the Board finds that the board of review submitted descriptive and assessment data on properties absent any market data.

Therefore, the Board finds that the evidence supports a reduction in the subject's market value to reflect the appellant's specific assessment request. Therefore, the Board finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
