

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: All Steel Structures, Inc.
DOCKET NO.: 08-27662.001-I-1 through 08-27662.002-I-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are All Steel Structures, Inc., the appellant(s), by attorney Dennis M. Nolan, of Dennis M. Nolan, P.C. in Bartlett; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
08-27662.001-I-1	29-21-106-025-0000	1,463	1,913	\$3,376
08-27662.002-I-1	29-21-200-067-0000	74,574	30,050	\$104,624

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 266,150 square foot parcel of land improved with an 11-year old, one-story, commercial building. The appellant argued that the market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal.

In support of the market value argument, the appellant submitted a summary appraisal report of the subject property with an effective date of January 1, 2008. The appraiser estimated a market value for the subject of \$675,000 based upon the three traditional approaches to value. Based upon this evidence, the appellant requests a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$195,825 was disclosed. This assessment reflects a fair market value of \$1,218,826 when the Cook County Real Property Assessment Classification Ordinance level of assessments of 16% for Class 6 property is applied.

In support of the subject's assessment, the board's analysis stated that the subject secured a mortgage in May 2005 in the amount of \$1,590,562 or \$41.53 per square foot of building area. In support of this mortgage, the board of review submitted a copy of the mortgage filed with the record of deeds' office.

In addition, the board of review presented descriptions and sales information on a total of nine properties. The properties sold for prices ranging from \$345,000 to \$2,750,000 or from \$17.25 to \$104.01 per square foot of building area, land included.

After considering the arguments and reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the Board concludes that the appellant has met this burden and that a reduction is warranted.

In determining the fair market value of the subject property, the Board thoroughly considered the parties' evidence and finds the best evidence to be the appellant's appraisal. The Board finds this appraisal to be persuasive for the appraiser inspected the subject property and developed the three traditional approaches to value in estimating the subject's market value. Moreover, market data was used to obtain improved sale comparables while providing sufficient detail regarding each sale as well as appropriate adjustments, where necessary. The Board gives little weight to the mortgage secured in 2005 as this is unrelated to any sale.

Therefore, the Board finds that the subject property contained a market value of \$675,000 for tax year 2008. Since the market value of the subject has been established, the Cook County Ordinance level of assessment of 16% for class 6, incentive property will apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
