

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neil McDonald
DOCKET NO.: 08-27843.001-R-1
PARCEL NO.: 27-27-207-022-0000

The parties of record before the Property Tax Appeal Board are Neil McDonald, the appellant, by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,060
IMPR.: \$19,216
TOTAL: \$23,276

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a multi-level dwelling of frame and masonry construction containing 1,082 square feet of living area. The dwelling is 31 years old. Features of the home include a partial basement with finished area, central air conditioning and a 2-car garage. The property has a 7,250 square foot site and is located in Orland Hills, Orland Township, Cook County.

The appellant's appeal is based on assessment equity and contention of law¹. The appellant submitted information on three comparable properties described as class 2-34 (multi-level) dwellings of frame and masonry construction that range in size from 1,730 to 1,742 square feet of living area. The dwellings are 10 or 19 years old. The comparables have the same neighborhood code as the subject property. The comparables feature partial basements, two with finished area, and central air conditioning. Two have fireplaces and two feature 2-car garages. The comparables have improvement assessments ranging from \$23,785 to \$27,644 or from \$13.68 to \$15.87 per square foot of living area. The subject's improvement assessment is \$19,216

¹ The appellant did not submit any argument or evidence regarding the contention of law issue. Therefore, it will not be considered in this decision.

or \$17.76 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,927 or \$14.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with multi-level dwellings of frame and masonry construction that range in size from 1,029 to 1,140 square feet of living area. The dwellings range in age from 30 to 33 years. Each has the same neighborhood code as the subject property. Features of the comparables include partial basements with finished area. Three comparables feature central air conditioning and three have 2-car garages. One comparable has a fireplace. These properties have improvement assessments ranging from \$18,701 to \$20,643 or from \$18.11 to \$18.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board gave less weight to the appellant's comparables since they were substantially larger than the subject. The Board finds the board of review comparables are the most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$18.11 to \$18.81 per square foot of living area. The subject's improvement assessment of \$17.76 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
