

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adalbert Soti
DOCKET NO.: 08-27935.001-R-1
PARCEL NO.: 10-19-123-012-0000

The parties of record before the Property Tax Appeal Board are Adalbert Soti, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,061
IMPR.: \$ 19,339
TOTAL: \$ 26,400

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 5,192 square foot parcel improved with a 49-year-old, one-story, single-family dwelling of masonry construction containing 1,429 square feet of living area and located in Niles Township, Cook County. Features of the residence include two full bathrooms, a full-unfinished basement, a fireplace and a one and one-half car attached garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming the subject's market value is not accurately reflected in its assessment. In support of this argument, the appellant's evidence disclosed that the subject was purchased in September 2008 for a price of \$275,000; the sale was not a transfer between family or related corporations; the subject was sold by Realtor, advertised for sale with a multiple listing service, and the seller's mortgage was not assumed. In addition, the appellant submitted copies of the subject's settlement statement and commitment for title insurance. Based upon this information, the appellant requested an assessment reflective of a fair market value for the subject of \$275,000.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$38,169 was disclosed. The assessment reflects a total market value of \$397,594 for the subject, when the 2008 Illinois Department of Revenue's three-year median level of assessments of 9.60% for Class 2 property, such as the subject, is applied. In support of the assessment, the board submitted property characteristic printouts and descriptive data on four properties suggested as comparable to the subject. The suggested comparables are improved with one-story, single-family dwellings of masonry construction with the same neighborhood code as the subject. The improvements range in size from 1,279 to 1,423 square feet of living area and range in age from 49 to 56 years old. The comparables contain one or two full bathrooms, a full-finished or unfinished basement, central air-conditioning and a one-car or two-car garage. One comparable has a fireplace. The improvement assessments range from \$22.92 to \$24.88 per square foot of living area. The board's evidence disclosed that the subject sold in September 2008 for \$275,000. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist, 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arms-length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. (86 Ill.Adm.Code §1910.65(c)) Having considered the evidence, the Board finds the appellant has satisfied this burden and a reduction is warranted.

The Board finds the subject's sale in September 2008 to be the best evidence of market value in the record. The appellant's evidence disclosed that the subject was purchased in September 2008 for a price of \$275,000; the sale was not a transfer between family or related corporations; the subject was sold by Realtor, advertised for sale with a multiple listing service, and the seller's mortgage was not assumed. In addition, the appellant submitted copies of the subject's settlement statement and commitment for title insurance. The Board finds the board of review failed to present any evidence to refute the arm's length nature of the sale.

Therefore, the Property Tax Appeal Board finds that the subject had a market value of \$275,000 as of January 1, 2008. The Board further finds that the 2008 Illinois Department of Revenue's three-year median level of assessments of 9.60% for Class 2 property shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
