

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karla Parvu
DOCKET NO.: 08-27937.001-R-1
PARCEL NO.: 10-22-213-024-0000

The parties of record before the Property Tax Appeal Board are Karla Parvu, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$7,920
IMPR.: \$19,440
TOTAL: \$27,360**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 6,600 square foot parcel of land improved with a 47 year old, multi-level, masonry, single-family dwelling containing 1,378 square feet of living area. The subject includes two full baths, a partial finished basement, one fireplace, and air conditioning. The appellant argued that the market value of the subject property is not accurately reflected in its assessed value.

In support of this overvaluation argument, the appellant submitted a copy of the settlement statement stating that the subject sold for \$285,000.00 on November 14, 2008. The second page of the settlement statement itemizes broker fees. Based on this evidence, the appellant requested the subject's assessment be reduced to reflect the subject's purchase price.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$42,672 was disclosed. This assessment reflects a market value of \$444,500 using the Illinois Department of Revenue's 2008 three-year median level of assessment for class 2 property of 9.60%. In support of the subject's assessment, the board of review submitted descriptions and assessment information for four properties located within the subject's neighborhood. These properties are described as multi-level, masonry, single-family dwellings, with

one and one-half baths and two and one-half baths, partial finished basement, and for three of the properties, air conditioning. The properties range: in age from 44 to 55 years old; in size from 1,320 to 1,458 square feet of living area; and in improvement assessments from \$25.70 to \$33.62 per square foot of living area. No sales data was included for these properties. The board of review also included data that the subject property sold in June 2007 for \$425,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3d Dist. 2002; Winnbago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d (2d Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill. Admin. Code 1910.65(c). Having considered the evidence presented, the Board concludes that the evidence indicates a reduction in the subject's assessment is warranted.

The PTAB finds the best evidence of market value is the sale of the subject in November 2008 for \$285,000. The board of review's evidence is for a previous sale. The PTAB finds the Settlement Statement, line 703, shows a commission was paid to the broker at closing which establishes the arm's length nature of the sale. Therefore, the most weight was given to this evidence. The subject's assessment reflects a market value greater than this purchase price.

Based on this record, the PTAB finds that the subject property has a market value of \$285,000.00 for the 2008 assessment year. Since market value has been determined, the 2008 three-year median level of assessment for class 2 property as established by the Illinois Department of Revenue of 9.60% shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING: _____

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: March 23, 2012

Allen Castrovillari

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
