

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Hank
DOCKET NO.: 08-28152.001-R-1
PARCEL NO.: 18-07-222-027-0000

The parties of record before the Property Tax Appeal Board are Jeff Hank, the appellant(s), by attorney Adam E. Bossov, of Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 12,567
IMPR.: \$ 117,624
TOTAL: \$ 130,191

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 13,091 square feet of land, which is improved with a seven year old, two-story, masonry, single-family dwelling. The subject's improvement size is 4,056 square feet of living area, which equates to an improvement assessment of \$29.00 per square foot of living area. Its total assessment is \$130,191, which yields a fair market value of \$1,356,156, or \$334.36 per square foot of living area (including land), after applying the 2008 Illinois Department of Revenue three year median level of assessment for Class 2 properties of 9.60%. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement, and also that the fair market value of the subject property was not accurately reflected in its assessed value as the bases of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for 16 properties suggested as comparable to the subject. The comparables are described as two-story, frame, masonry, or frame and masonry, single-family dwellings. Additionally, the comparables range: in age from 1 to 13 years; in size from 3,814 to 4,968 square feet of living area; and in improvement assessments from \$15.23

to \$24.75 per square foot of living area. The comparables also have various amenities.

In support of the market value argument, the appellant submitted descriptive and sales information for ten sales comparables. The comparables are described as two-story, frame, masonry, or frame and masonry, single-family dwellings. Additionally, the comparables are from 1 to 13 years old, and have from 3,925 to 4,935 square feet of living area. The comparables sold between January 2005 and December 2008 for \$550,000 to \$1,500,000, or \$111.45 to \$337.58 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's total assessment of \$130,191 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as two-story, masonry, single-family dwellings. Additionally, the comparables range: in age from four to nine years; in size from 3,820 to 4,159 square feet of living area; and in improvement assessments from \$29.05 to \$31.01 per square foot of living area. The comparables also have several amenities. The board of review's grid sheet also states that Comparable #1 sold in July 2007 for \$1,350,000, or \$324.60 per square foot of living area, including land; and that Comparable #4 sold in November 2005 for \$982, or \$0.26 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is not warranted.

The Board finds that Comparables #7, and #15 submitted by the appellant, and Comparable #1 submitted by the board of review

were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had a price per square foot that ranged from \$162.93 to \$337.58, including land. The subject's price per square foot of \$334.36 is within the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds that the subject is not overvalued, and a reduction in the subject's assessment is not warranted based on the sales comparables submitted by the parties.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that Comparables #1, #3, #7, #8, #10, #14, and #15 submitted by the appellant, and all of the comparables submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$15.23 to \$31.01 per square foot of living area. The subject's improvement assessment of \$29.00 per square foot of living area is within the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds that the subject's improvement assessment is equitable, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
