

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Foreit
DOCKET NO.: 08-29866.001-R-1
PARCEL NO.: 16-26-103-050-0000

The parties of record before the Property Tax Appeal Board are Mark Foreit, the appellant, by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,374
IMPR.: \$ 19,172
TOTAL: \$ 23,546

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 3,125 square feet of land, which is improved with a 118 year old, two-story, masonry, single-family dwelling. The subject's improvement size is 2,310 square feet of living area, which equates to an improvement assessment of \$8.30 per square foot of living area. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

The appellant did not provide any evidence in support of the equity argument. The appellant's attorney submitted a recorded Special Warranty Deed indicating a transfer of the subject in August 2007 for \$172,500. The appellant's attorney failed to indicate 'Recent Sale' as an appeal basis in Section 2d and failed to provide any details of the sale transaction in Section IV of the Property Tax Appeal Board Petition. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's improvement assessment of \$19,172 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as two-story, masonry, single-family dwellings. Additionally, the comparables range: in age from 96 to 98 years; in size from 1,974 to 2,004 square feet of living area; and in improvement assessments from \$8.43 to \$10.59 per square foot of living area. The comparables also have several amenities. The grid sheet also evidenced the sale of the subject in August 2007 for \$172,500, or \$74.69 per square foot including land, as well as the sale of comparable #2 in November 2005 for \$266,000, or \$133.80 per square foot, including land. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that comparables #1, #2, and #3 submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$8.43 to \$9.60 per square foot of living area. The subject's improvement assessment of \$8.30 per square foot of living area is below the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds that the subject's improvement assessment is equitable, and a reduction in the subject's assessment is not warranted.

Furthermore, as no details were provided regarding the sale of the subject in August 2007, the Property Tax Appeal Board cannot find this was an arm's-length transaction and no reduction will be granted on this basis.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
