

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Reger
DOCKET NO.: 08-29985.001-R-1
PARCEL NO.: 05-21-402-016-0000

The parties of record before the Property Tax Appeal Board are Thomas Reger, the appellant(s), by attorney Sonja R. Johnson, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 57,115
IMPR.: \$ 145,934
TOTAL: \$ 203,049

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property has 19,560 square feet of land, which is improved with a 74 year old, two-story, masonry, single-family dwelling containing 3,957 square feet of living area. The subject includes three and one-half baths, a three-car garage, three fireplaces, and a partial unfinished basement. The subject is located in New Trier Township, Cook County. The appellant's appeal is based on unequal treatment in the assessment process.

In support of the equity argument, the appellant, via counsel, submitted descriptive and assessment information on three properties suggested as comparable to the subject. These properties are described as two-story, masonry, frame and masonry, or stucco, single-family dwellings that are from 71 to 94 years old, and contain from 3,410 to 4,620 square feet of living area. Additionally, the suggested comparables have from three to four and one-half baths, all of the properties have from one to two fireplaces, one of the properties has air conditioning, all of the properties have a two-car garage, and either a full unfinished basement, a full finished basement, or a partial unfinished basement. These suggested comparables have improvement assessments ranging from \$20.55 to \$29.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal" wherein the subject's final assessment of \$203,049 was disclosed. In support of the subject's assessment, the board of review presented descriptive and assessment information on four properties suggested as comparable to the subject. These properties are described as two-story, masonry, single-family dwellings that are from 78 to 89 years old, and contain from 3,574 to 4,413 square feet of living area. Additionally, the suggested comparables have from two and one-half to four and one-half baths, all of the properties have from one to four fireplaces, air conditioning, a garage, ranging from a one-car to a two-car garage, and either a full unfinished basement, or a full basement with a formal recreation room. These suggested comparables have improvement assessments ranging from \$36.98 to \$42.76 per square foot of living area. The subject's improvement assessment is \$36.88 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 645-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that Comparable #3 submitted by the appellant, and Comparables #2 and #4 submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$29.00 to \$38.42 per square foot of living area. The subject's improvement assessment of \$36.88 per square foot of living area is within the range established by the most similar comparables. Therefore, after considering adjustments and

differences in both parties' comparables when compared to the subject, the Board finds that the subject's improvement assessment is equitable, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
