

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Oak Park Residence Corp.  
DOCKET NO.: 08-30018.001-R-1  
PARCEL NO.: 16-07-311-023-0000

The parties of record before the Property Tax Appeal Board are Oak Park Residence Corp., the appellant, by attorney Anthony M. Farace, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,492  
**IMPR.:** \$40,131  
**TOTAL:** \$51,623

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a 2-story dwelling of frame construction containing 2,376 square feet of living area. The dwelling is 120 years old. Features of the home include a full unfinished basement and a 4-car garage. The property has an 8,450 square foot site and is located in Oak Park, Oak Park Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on four comparable properties described as 2-story dwellings of frame or masonry construction that range in size from 2,596 to 3,594 square feet of living area. The dwellings range in age from 95 to 116 years. Each comparable has the same neighborhood code as the subject property. Three of the comparables feature full unfinished basements and one is on a slab foundation. Three comparables have 2 or 3½-car garages and two have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$38,004 to \$52,616 or from \$14.64 to \$15.48 per square foot of living area. The subject's improvement assessment is \$40,131 or \$16.89 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$34,784 or \$14.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with 2-story dwellings of frame construction that range in size from 2,108 to 2,440 square feet of living area. The dwellings range in age from 102 to 125 years. Each has the same neighborhood code as the subject property. Three of the comparables feature full unfinished basements and one is on a slab foundation. Three comparables have 2, 3 or 4-car garages and one features central air conditioning. These properties have improvement assessments ranging from \$38,007 to \$44,445 or from \$17.27 to \$18.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds all four of the appellant's comparables and comparable #1 submitted by the board of review differ substantially from the subject in size, foundations, and/or exterior construction. Therefore these comparables received less weight in the Board's analysis. The Board further finds the board of review comparables #2, #3 and #4 are the most similar to the subject in location, size, style, exterior construction and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$17.27 to \$18.22 per square foot of living area. The subject's improvement assessment of \$16.89 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
