

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Wright  
DOCKET NO.: 08-30134.001-R-1  
PARCEL NO.: 27-11-209-009-0000

The parties of record before the Property Tax Appeal Board are Joseph Wright, the appellant, by attorney Robert K. Gorman in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$9,000  
IMPR.: \$38,328  
TOTAL: \$47,328**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a 2-story dwelling of frame and masonry construction containing 3,054 square feet of living area. The dwelling is 21 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 2-car garage. The property has a 10,228 square foot site and is located in Orland Park, Orland Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on three comparable properties described as 2-story dwellings of frame and masonry construction that range in size from 3,326 to 3,472 square feet of living area. The dwellings range in age from 9 to 21 years. Each comparable has the same neighborhood code as the subject property. Features of the comparables include full unfinished basements, central air conditioning, fireplaces and 3 or 4-car garages. The comparables have improvement assessments ranging from \$40,950 to \$46,215 or from \$12.31 to \$13.31 per square foot of living area. The subject's improvement assessment is \$38,328 or \$12.55 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$33,000 or \$10.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with 2-story dwellings of frame and masonry construction that range in size from 2,624 to 2,941 square feet of living area. The dwellings range in age from 18 to 19 years. Each has the same neighborhood code as the subject property. Features of the comparables include full or partial unfinished basements, central air conditioning, fireplaces and 2 or 3-car garages. These properties have improvement assessments ranging from \$37,444 to \$42,417 or from \$14.27 to \$14.92 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by both parties are similar to the subject in location, size, style, exterior construction, features and age. These comparables had improvement assessments that ranged from \$12.31 to \$14.92 per square foot of living area. The subject's improvement assessment of \$12.55 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
