

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Mazzone  
DOCKET NO.: 08-30237.001-C-1  
PARCEL NO.: 13-20-432-038-0000

The parties of record before the Property Tax Appeal Board are Linda Mazzone, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$33,037  
**IMPR.:** \$27,117  
**TOTAL:** \$60,154

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property has 5,375 square feet of land, which is improved with a 29 year old, one-story, masonry building, containing 4,140 square feet of building area. The building is used for commercial purposes.

The appellant's appeal is based on unequal treatment in the assessment process. In support of the equity argument, the appellant submitted information on three comparable properties described as one-story, masonry buildings that range in age from 19 to 84 years old, and in size from 4,810 to 7,782 square feet of building area. The comparables have improvement assessments ranging from \$1.58 to \$6.47 per square foot of living area. The subject's improvement assessment is \$11.95 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$82,500 was disclosed. The board of review presented descriptions and sales information on seven comparable properties consisting of one-story buildings that range in age from 19 to 81 years old, and in size from 3,000 to 4,900 square feet of building area. These properties sold between March 2001 and February 2008 for between \$130,000 and \$525,000, or from \$43.33 to \$150.00 per

square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by the appellant were most similar to the subject in location, size, style, exterior construction, features, and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$1.59 to \$6.59 per square foot of living area. The subject's improvement assessment of \$11.95 per square foot of living area is above the range established by the most similar comparables. The board of review did not submit equity comparables, and, instead, only submitted sales comparables. Therefore, the board of review's comparables were accorded less weight by the Board. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
