

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Fields
DOCKET NO.: 09-02503.001-R-1
PARCEL NO.: 13-2-21-27-17-307-018

The parties of record before the Property Tax Appeal Board are Thomas Fields, the appellant, and the Madison County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Madison** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,530
IMPR.: \$21,870
TOTAL: \$26,400

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one-story single family dwelling of frame construction that contains 900 square feet of living area. The appellant indicated the dwelling was constructed in 1922. Features of the property include a full unfinished basement and central air conditioning. The property is described as having 6,125 square feet of land area and is located in Collinsville, Collinsville Township, Madison County.

The appellant claims overvaluation as the basis of the appeal. In support of this argument the appellant submitted a comparative market analysis and listed the three comparable sales used in the market analysis in Section V of the Residential Appeal form. The comparative market analysis indicated the subject should have a list price in the range of \$60,787 to \$64,547. The three comparable sales were improved with one-story dwellings that range in size from 860 to 1,000 square feet of living area. Each comparable has a basement, with one described as being partially finished, and central air conditioning. One comparable has a garage. The dwellings range in age from 53 to 60 years old. The sales occurred from December 2007 to April 2009 for prices ranging from \$52,500 to \$68,000 or from \$54.69 to \$75.67 per

square foot of living area, including land. The evidence further revealed that the appellant filed the appeal directly to the Property Tax Appeal Board following receipt of the notice of a township equalization factor issued by the board of review increasing the subject's assessment from \$26,400 to \$27,920. The notice indicated the subject's equalized assessment reflects a market value of \$83,760 or \$93.07 per square foot of living area, including land. Based on this evidence the appellant requested the subject's assessment be reduced to \$19,000.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final assessment of \$27,920 was disclosed. After reviewing the appellant's evidence, the board of review agreed to reduce the subject's assessment by the amount of increase caused by the application of the equalization factor.

The appellant was informed of the board of review's proposed revision but requested further review based on the comparables he had submitted.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. Based upon the evidence submitted, the Board finds that a reduction in the subject's assessment is supported. However, the record indicates that the appellant appealed the assessment directly to the Property Tax Appeal Board based on notice of a township equalization factor issued by the board of review. Due to the fact the appeal was filed based on notification of an equalization factor, the amount of relief that the Property Tax Appeal Board may grant is limited. Section 1910.60(a) of the Official Rules of the Property Tax Appeal Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. 86 Ill.Admin.Code §1910.60(a).

Additionally, section 16-180 of the Property Tax Code (35 ILCS 200/16-180) provides in pertinent part:

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor.

These provisions mean that where a taxpayer files an appeal directly to the Property Tax Appeal Board after notice of application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Board, 302 Ill.App.3d 745, 753 (4th Dist. 1999). Based on a review of the evidence contained in the record, the Property Tax Appeal Board finds a reduction in the assessment of the subject property is supported. However, the reduction is limited to the increase in the assessment caused by the application of the equalization factor.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
