

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donna Chapin  
DOCKET NO.: 09-04937.001-R-1  
PARCEL NO.: 09-05-403-013

The parties of record before the Property Tax Appeal Board are Donna Chapin, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$75,140  
**IMPR:** \$77,856  
**TOTAL:** \$152,996

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a two-story dwelling of frame exterior construction. The dwelling is approximately 84 years old and contains 2,241 square feet of living area. Features include a partial unfinished basement, central air conditioning, a fireplace and a two-car garage. The subject property is located in Downers Grove Township, DuPage County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming the subject's assessment is not reflective of fair market value. In support of the overvaluation argument, the appellant submitted an appraisal of the subject property prepared by a state licensed appraiser. The appraiser developed the cost and sales comparison approaches to value in estimating fair market value for the subject property of \$460,000 as of January 1, 2009. Under the cost approach, the appraiser concluded a fair market value of \$478,759. Under the sales comparison approach, the appraiser analyzed five suggested comparable sales in concluding a value of \$460,000. Under reconciliation, the appraiser placed most weight on the sales comparison approach with support from the cost approach in concluding a final value for the subject property of \$460,000 as of January 1, 2009.

The appellant also submitted the DuPage County Board of Review final decision regarding the subject property. The subject property has a total assessment of \$173,810, which reflects an estimated market value of \$522,580 using DuPage County's 2009 three-year median level of assessments of 33.26% as determined by the Illinois Department of Revenue. Based on this evidence, the appellant requested a reduction in the subject's assessed valuation.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessed valuation of the subject property as required by Section 1910.40(a) of the Official Rules of the Property Tax Appeal Board. Therefore, the DuPage County Board of review was found to be in default.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject property's assessment is warranted.

The appellant contends the market value of the subject property is not accurately reflected in its assessment. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant in this appeal submitted an appraisal estimating the subject property had a fair market value of \$460,000 as of January 1, 2009. The board of review did not submit any evidence in support of its assessment of the subject property as required by Section 1910.40(a) of the Official Rules of the Property Tax Appeal Board or refute the valuation evidence submitted by the appellant. The Board finds the only evidence of the subject property's fair market value contained in this record is the appraisal submitted by the appellant. The appraisal report conveyed an estimated fair market value for the subject property of \$460,000 as of January 1, 2009. The subject property's final assessment of \$173,810 reflects an estimated market value of \$522,580, which is considerably greater than the appraisal submitted by the appellant. Therefore, a reduction in the subject property's assessment is warranted. Since fair market value has been established, DuPage County's 2009 three-year median level of assessments of 33.26% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
