

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paula McFadden
DOCKET NO.: 09-05653.001-R-1
PARCEL NO.: 03-35.0-206-002

The parties of record before the Property Tax Appeal Board are Paula McFadden, the appellant, and the St. Clair County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the St. Clair County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,780
IMPR: \$2,664
TOTAL: \$6,444

Subject only to the State multiplier as applicable.

ANALYSIS

The subject 5,000 square foot lot is improved with a two-car garage of 576 square feet of building area located in St. Clair County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board arguing overvaluation as the basis of the appeal. In support of this claim, the appellant submitted sales information on three suggested comparable properties. The evidence further revealed that the appellant did not file a complaint with the board of review, but filed this appeal directly to the Property Tax Appeal Board following receipt of the notice dated June 2, 2010 setting forth a 1.0352 equalization factor which increased the subject's assessment from \$6,444 to \$6,671. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$2,666.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final equalized assessment of \$6,671 was disclosed. After reviewing the appellant's evidence, the board of review agreed to reduce the subject's assessment by

the amount of increase caused by the application of the equalization factor or to \$6,444.

The appellant was notified of this suggested agreement and given thirty (30) days to respond if the offer was not acceptable. The appellant responded to the Property Tax Appeal Board by the established deadline rejecting the board of review's proposed assessment and arguing that the board of review failed to provide comparable market data to support its proposed assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant argued the subject property was overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). The Board finds the appellant has met this burden. Based upon the evidence submitted, the Board finds that a reduction in the subject's assessment is supported.

However, the record indicates that the appellant did not file a complaint with the board of review, but appealed the subject's assessment directly to the Property Tax Appeal Board based on notice of an equalization factor. Since the appeal was filed after notification of an equalization factor, the amount of relief that the Property Tax Appeal Board can grant is limited. Section 1910.60(a) of the Official Rules of the Property Tax Appeal Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. (86 Ill.Admin.Code §1910.60(a)). [Emphasis added.]

Additionally, section 16-180 of the Property Tax Code provides in pertinent part:

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor. (35 ILCS 200/16-180).

These provisions mean that where a taxpayer files an appeal directly to the Property Tax Appeal Board after notice of

application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Board, 302 Ill.App.3d 745, 753 (4th Dist. 1999).

Based on a review of the evidence contained in the record, the Property Tax Appeal Board finds a reduction in the assessment of the subject property is supported. However, the reduction is limited to the increase in the assessment caused by the application of the equalization factor, even without comparable market data being submitted by the board of review. Thus, the Property Tax Appeal Board finds a reduction in the subject's assessed valuation commensurate with the board of review's proposal is correct.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
