

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Benoy
DOCKET NO.: 09-20418.001-R-1 through 09-20418.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Mark Benoy, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
09-20418.001-R-1	15-36-209-025-0000	3,850	16,378	\$20,228
09-20418.002-R-1	15-36-209-026-0000	3,850	16,378	\$20,228

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of two parcels of land which contains one improvement thereon. The two parcels contain a total of 11,000 square feet of land. The assessment for the parcels is pro-rated at 50% for each parcel. The improvement is a 49 year old, two-story, masonry building, containing five dwelling units within 4,845 square feet of living area. The building has five baths, and a full finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. In support of the equity argument, the appellant submitted information on three comparable properties described as two-story, masonry buildings that range in age from 48 to 49 years old, and which all contain six dwelling units within 4,688 square feet of living area. The comparables all have six baths and a full finished basement. The buildings have improvement assessments ranging from \$7.36 to \$8.62 per square foot of living area. The subject's improvement assessment is \$5.30 per square foot of living area for each parcel, which equates to a total improvement assessment of \$10.60 per square foot of living area for the subject. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$29,511 per parcel was disclosed. Applying the pro-rated assessment, the subject has a total assessment of \$59,022. The board of review did not submit any comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by the appellant were most similar to the subject in location, size, style, exterior construction, features, and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$7.36 to \$8.62 per square foot of living area. The subject's improvement assessment of \$10.60 per square foot of living area is above the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
