

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stanley Nieminski  
DOCKET NO.: 09-20915.001-C-1  
PARCEL NO.: 09-36-407-038-0000

The parties of record before the Property Tax Appeal Board are Stanley Nieminski, the appellant(s), by attorney Michael J. Fiandaca in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 12,468  
**IMPR.:** \$ 92,017  
**TOTAL:** \$ 104,485

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a one-story building of masonry construction with 2,608 square feet of building area. The building is 49 years old. The property has a 3,125 square foot site, and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 5-17 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables. The appellant also submitted printouts for the subject and the six comparables from the Cook County Assessor's website. The printouts state that all of the comparables are either partial assessments, have improvements that are prorated with another PIN, or have one or more home improvement exemptions.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on one comparable sale.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$104,485. The subject property has an improvement assessment of \$92,017, or \$35.28 per square foot of building area. The subject's assessment reflects a market value of \$417,940, or \$160.25 per square foot of building area, including land, when applying the 2009 statutory level of assessment for commercial property under the Cook County Real Property Assessment Classification Ordinance of 25.00%.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales from the CoStar Comps Service.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that none of the comparables submitted by the parties were similar to the subject, as they were all partial assessments, had improvement assessments that were prorated with another PIN, or have one or more home improvement exemptions. Based on this record, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment is not justified.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be board of review comparables #1, #3, #4, and #5. These comparables sold for prices ranging from \$93.56 to \$222.22 per square foot of building area, including land. The subject's assessment reflects a market value of \$160.25 per square foot of building area, including land, which is within the range established by the best comparables in this record. Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
