

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Groch
DOCKET NO.: 09-21095.001-R-1
PARCEL NO.: 14-20-310-014-0000

The parties of record before the Property Tax Appeal Board are Matthew Groch, the appellant(s), by attorney Julie Realmuto, of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,132
IMPR.: \$66,936
TOTAL: \$97,068

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 5,580 square foot parcel of land improved with a 111-year old, two-story, masonry, multi-family dwelling containing 4,166 square feet of living area, four full baths, and unfinished basement. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of three properties suggested as comparable and located within the subject's neighborhood. The properties are described as two to three-story, masonry, multi-family dwellings with three to eight baths, air conditioning for comparable # 1, and, for two of the properties, a unfinished basement. The properties range: in age from 1 to 123 years; in size from 3,921 to 4,955 square feet of living area; and in improvement assessments from \$8.88 to \$13.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$66,936 or \$16.07 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on three properties suggested as comparable and located within the

subject's neighborhood. The properties are described as two-story, masonry, multi-family dwellings with three or four baths, and a full and unfinished basement for comparables #1 and #3. The properties range: in age from 99 to 101 years; in size from 3,819 to 3,948 square feet of living area; and in improvement assessments from \$16.11 to \$17.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of 6 properties suggested as comparable to the subject. The PTAB finds the appellant's comparable #2 and #3 and the board of review's comparables #1 and #3 most similar to the subject in size, construction and age. The properties are described as two or three-story, masonry, multi-family dwellings with full and unfinished basements. The properties range: in age from 99 to 123 years; in size from 3,872 to 3,948 square feet of living area; and in improvement assessments from \$13.25 to \$16.92 per square foot of living area. In comparison, the subject's improvement assessment of \$16.07 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
