

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Hart  
DOCKET NO.: 09-22415.001-R-1  
PARCEL NO.: 14-17-309-050-0000

The parties of record before the Property Tax Appeal Board are Susan Hart, the appellant(s), by attorney Christopher Walsh Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$15,000  
IMPR.: \$61,208  
TOTAL: \$76,208**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property has 3,125 square feet of land, which is improved with a 110 year old, two-story, masonry dwelling, containing 2,452 square feet of living area. The dwelling has two baths, and a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. In support of the equity argument, the appellant submitted information on four comparable properties described as two-story, frame or masonry dwellings that range in age from 96 to 119 years old, and in size from 2,360 to 2,720 square feet of living area. The dwellings have from two to three baths. All of the dwellings have a full, unfinished basement, while one comparable dwelling has and a two-car garage. The comparables have improvement assessments ranging from \$10.50 to \$20.48 per square foot of living area. The subject's improvement assessment is \$24.96 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$76,208 was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting

of two-story, masonry dwellings that range in age from 93 to 111 years old, and in size from 2,326 to 2,436 square feet of living area. All of the dwellings have two baths, and a full, unfinished basement. These properties have improvement assessments ranging from \$23.14 to \$33.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review, and comparable #3 submitted by the appellant were most similar to the subject in location, size, style, exterior construction, features, and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$20.03 to \$33.93 per square foot of living area. The subject's improvement assessment of \$24.96 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
