

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Francis D. Nolan
DOCKET NO.: 09-22569.001-R-1
PARCEL NO.: 14-18-417-009-0000

The parties of record before the Property Tax Appeal Board are Francis D. Nolan, the appellant(s), by attorney William I. Sandrick, of Sandrick Law Firm LLC in South Holland; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 17,810
IMPR: \$ 50,275
TOTAL: \$ 68,085**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject contains 4,687 square feet of land and contains two improvements. Improvement #1 is a 117 year old, three-story, masonry, multi-family building. It contains 4,239 square feet of building area. Improvement #2 is a 107 year old, one and one-half story, frame, single-family dwelling. It contains 1,034 square feet of living area. The total assessment for both improvements and the land is \$98,157. This assessment equates to a market value of \$1,102,888 (including land), after applying the 2009 Illinois Department of Revenue three year median level of assessment for Class 2 properties of 8.90%. The appellant, via counsel, argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal.

In support of the market value argument, the appellant submitted a residential appraisal report for the subject property with an effective date of January 1, 2009. The appraiser estimated a fair market value for the subject of \$765,000 based on the sales comparison approach to value. The appraiser also conducted an inspection of the subject. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal. The board notes indicate Improvement #1 has an improvement assessment of \$50,425 or \$11.90 per square foot of living area. Improvement #2 has an improvement assessment of \$29,922 or \$28.94 per square foot of living area. The board of review submitted the same comparables for Improvement #1 and Improvement #2. The comparables are described as two-story or three-story, masonry, multi-family dwellings. They range: in age from 82 to 99 years; in size from 3,640 to 6,202 square feet of living area; and in improvement assessment from \$12.27 to \$18.90 per square foot of living area. The comparables also have several amenities. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is warranted.

In determining the fair market value of the subject property, the Board finds the best evidence to be the appellant's appraisal. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The Board finds this appraisal persuasive because the appraiser has experience in appraising, personally inspected the subject property, reviewed the property's history, and used similar properties in the sales comparison approach while providing adjustments that were necessary. The Board gives little weight to the board of review's evidence as it did not address the appellant's market value argument.

Therefore, the Board finds the subject had a market value of \$765,000 for the 2009 assessment year. Since the market value of this parcel has been established, the 2009 Illinois Department of Revenue three year median level of assessment for Class 2 property of 8.90% will apply. 86 Ill. Admin. Code § 1910.50(c)(2)(A). In applying this level of assessment to the subject, the total assessed value is \$68,085, while the subject's

Docket No: 09-22569.001-R-1

current total assessed value is above this amount. Therefore, the Board finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
