

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Frick  
DOCKET NO.: 09-23173.001-R-1  
PARCEL NO.: 14-29-101-032-0000

The parties of record before the Property Tax Appeal Board are Mark Frick, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 16,250  
**IMPR.:** \$ 54,472  
**TOTAL:** \$ 70,722

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a two-story dwelling of frame construction with 3,190 square feet of living area.<sup>1</sup> The dwelling is 113 years old. Features of the home include three baths, a full unfinished basement, and central air conditioning.

---

<sup>1</sup> The board of review's evidence indicates that the subject contains two improvements. However, no descriptive information was provided for the second improvement, and no evidence was submitted in support of its current assessment.

The property has a 3,125 square foot site, and is located in Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on April 5, 2010 for a price of \$794,625. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal." The board of review states that the subject's assessment after appeal from the board of review was \$79,499, or \$83,240. It is wholly unclear from the board of review's evidence. However, the appellant submitted the decision letter from the board of review, wherein it states that the subject's current assessment is \$94,084. Therefore, the Board will use this assessment. The subject's assessment reflects a market value of \$1,057,124, or \$331.39 per square foot of living area, including land, when applying the 2009 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.90% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables.

In rebuttal, the appellant reaffirmed the evidence previously submitted, and waived the original request for an oral hearing.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2010 for a price of \$794,625. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. In

further support of the transaction, the appellant submitted the settlement statement, real estate sale contract, and warranty deed. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$794,625 as of January 1, 2009. Since market value has been determined the 2009 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.90% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
