

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ashutsoh Kumar
DOCKET NO.: 09-23364.001-R-1
PARCEL NO.: 09-22-422-022-0000

The parties of record before the Property Tax Appeal Board are Ashutsoh Kumar, the appellant(s), by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,622
IMPR.: \$32,994
TOTAL: \$40,616

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 8,968 square foot parcel of land improved with a four year old, one-story, frame and masonry, single-family dwelling, with 1,833 square feet of living area, two baths, air conditioning, a fireplace, and a full unfinished basement. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of four properties suggested as comparable and located within the subject's neighborhood. The properties are described as one-story, masonry or frame and masonry, single-family dwellings with one to two and half baths, air conditioning for two properties, one fireplace for two properties, and full or partial basements. The properties are 34 to 64 years old with 1,837 to 2,018 square feet of living area and have improvement assessments from \$15.35 to \$19.54 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$79,057 or \$43.13 per square foot of living area was disclosed. The board of review submitted the property characteristic printout for the subject. The board of review requested confirmation of the subject's assessment without presenting supporting evidence.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The appellant presented a total of four properties suggested as comparable to the subject. The PTAB finds the appellant's comparables most similar to the subject in size, design, and construction. The properties are described as one-story, masonry or frame and masonry, single-family dwellings. The properties are 34 to 64 years old with 1,837 to 2,018 square feet of living area and have improvement assessments from \$15.35 to \$19.54 per square foot of living area. In comparison, the subject's improvement assessment of \$43.13 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
