

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Saleem Husain
DOCKET NO.: 09-23629.001-R-1
PARCEL NO.: 09-12-105-011-0000

The parties of record before the Property Tax Appeal Board are Saleem Husain, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,133
IMPR.: \$18,867
TOTAL: \$24,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry construction with 1,204 square feet of living area. The dwelling is approximately 51 years old and has a full unfinished basement. The property has an 8,928 square foot site and is located in Glenview, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on November 14, 2008 for a price of \$240,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,175. The subject's assessment reflects a market value of \$361,517 or \$300.26 per square foot of living area, land included, when using the 2009 three year average median level of assessments for class 2 property of 8.9% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information with its "Notes on Appeal" on four comparable properties, one of which was a sale.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in November 2008 for a price of \$240,000. The appellant provided evidence demonstrating the sale had some of the elements of an arm's length transaction. The appellant did not fully complete Section IV - Recent Sale Data of the residential appeal form; however, the appellant submitted a copy of form PTAX-203, the Illinois Real Estate Transfer Declaration. On this document, the answer to question #7 revealed that the property had been advertised for sale, and question #10b (Sale between related individuals or corporate affiliates) was not marked as being applicable to this sale. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the contention that the purchase price was reflective of market value. As part of its submission, the board of review reported the subject's sale price in November 2008 for \$240,000. The board of review did provide a sale price for one of the comparables submitted with its "Notes on Appeal." Comparable #2 was very similar to the subject in nearly every characteristic, and it sold in October 2008 for a price of \$230,000. Comparable #2's sale price actually supports the appellant's claim that the sale of the subject in November 2008 for a price of \$240,000 was reflective of market value. Based on this record, the Board finds the subject property had a market value of \$240,000 as of January 1, 2009. A reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
