

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Casey Kaczor
DOCKET NO.: 09-24071.001-R-1
PARCEL NO.: 03-21-309-001-0000

The parties of record before the Property Tax Appeal Board are Casey Kaczor, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,960
IMPR.: \$29,844
TOTAL: \$38,804

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 19,912 square foot parcel of land improved with a 18 year old, two story, masonry, single-family dwelling containing 2,666 square feet of living area. The subject includes two and one-half baths, a full basement, one fireplace, and air conditioning. The appellant argued that the market value of the subject property is not accurately reflected in its assessed value.

In support of this overvaluation argument, the appellant submitted a copy of the settlement statement stating that the subject sold for \$436,000.00 on February 10, 2009. The second page of the settlement statement itemizes broker fees. The appellants' petition indicates the subject was listed on the open market, was not purchased from related parties, and had real estate broker involved in the sale. Based on this evidence, the appellant requested the subject's assessment be reduced to reflect the subject's purchase price.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$55,722 was disclosed. This assessment reflects a market value of \$626,090 using the Illinois Department of Revenue's 2009 three-year median level of assessment for class 2 property of 8.90%. In support of the subject's assessment, the board of review submitted descriptions and assessment information for four properties

located within the subject's neighborhood. These properties are described as two-story, masonry, single-family dwellings with two and one-half baths, a full basement, air conditioning and a fireplace. The properties range: in age from 14 to 20 years old; in size from 2,612 to 2,656 square feet of living area; and in improvement assessments from \$18.48 to \$21.60 per square foot of living area. No sales data was included for these properties. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3d Dist. 2002; Winnbago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d (2d Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill. Admin. Code 1910.65(c). Having considered the evidence presented, the Board concludes that the evidence indicates a reduction in the subject's assessment is warranted.

The PTAB finds the best evidence of market value is the sale of the subject in February 2009 for \$436,000. The PTAB finds the subject was listed on the open market and the Settlement Statement, line 703, shows a commission was paid to the broker at closing which supports the arm's length nature of the sale. Therefore, the most weight was given to this evidence. The subject's assessment reflects a market value greater than this purchase price.

Based on this record, the PTAB finds that the subject property has a market value of \$436,000.00 for the 2009 assessment year. Since market value has been determined, the 2009 three-year median level of assessment for class 2 property as established by the Illinois Department of Revenue of 8.90% shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
