

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leo Golda
DOCKET NO.: 09-25577.001-R-1
PARCEL NO.: 02-22-222-024-0000

The parties of record before the Property Tax Appeal Board are Leo Golda, the appellant, by attorney Joseph G. Kusper, of Storino Ramello & Durkin in Rosemont; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,981
IMPR.: \$36,049
TOTAL: \$40,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry construction with 2,790 square feet of living area. The dwelling was 50 years old. There are five

apartment units in the building. Features of building home include a full basement with a finished recreation room. The property has a 8,382 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,030. The subject property has an improvement assessment of \$36,049 or \$12.92 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties to the appeal submitted a total of eight comparable properties into the record for the Board's consideration. The Board finds that the comparables have varying degrees of similarity when compared to the subject property. Sizes of the comparables range from 2,549 square feet of living area to 5,544 square feet and ages range from 32 to 139 years old. Three of the appellant's comparables are built over a concrete slab foundation. The eight comparables had improvement assessments that ranged from \$10.19 to \$14.14 per square foot of living area. The subject's improvement assessment of \$12.92 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments and the differences in both parties' comparables when compared to

the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
