

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adeline Tattegrain
DOCKET NO.: 09-26242.001-R-1
PARCEL NO.: 20-26-310-021-0000

The parties of record before the Property Tax Appeal Board are Adeline Tattegrain, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,275
IMPR.: \$12,897
TOTAL: \$16,172

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of masonry construction. The dwelling is approximately 83 years old and has 2,058 square feet of living area. Features include a two apartment units, a full unfinished basement and a two-car garage. The property has a 2,978 square foot site and is located in Chicago, Hyde Park Township, Cook County. The

subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In a letter dated August 25, 2010, the appellant's attorney stated that the subject property was purchased in an arm's length transaction on December 29, 2009 for a price of \$40,000. The appellant submitted copies of the settlement statement and the real estate contract to document the transaction but did not complete Section IV of the residential appeal form. Based upon this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,172. The subject's assessment reflects a market value of \$181,708 or \$88.29 per square foot of living area, land included, when using the 2009 three year average median level of assessments for class 2 property of 8.9% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

With its "Notes on Appeal," the board of review submitted information on four comparables to demonstrate the subject was equitably assessed. The board of review also provided sale prices for two of these comparables. Comparable #3 sold in March 2006 for a price of \$280,000, and comparable #4 sold in May 2006 for a price of \$235,000. On the basis of this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Although the appellant stated the subject was purchased in an arm's length transaction in December 2009 for a price of \$40,000, no evidence was submitted to establish that the

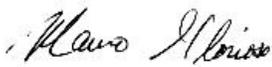

transfer was actually arm's length. The appellant did not provide any information in Section IV - Recent Sale Data of the residential appeal form. The appellant failed to indicate whether or not the parties were related; whether the property was exposed on the open market; the amount of time the property was advertised, if any; and whether the sale was the result of a foreclosure due to the settlement statement identifying the Federal Home Loan Mortgage Corporation as the seller. The Board finds, due to the lack of data, the appellant failed to provide sufficient evidence to challenge the correctness of the assessment so as to shift the burden of proof to the Cook County Board of Review. (86 Ill.Admin.Code §1910.63(a)&(b)). Based upon the evidence in the record, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
