

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Micklin
DOCKET NO.: 09-27381.001-R-1
PARCEL NO.: 20-27-208-012-0000

The parties of record before the Property Tax Appeal Board are Frank Micklin, the appellant(s), by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,440
IMPR.: \$ 2,669
TOTAL: \$ 10,109

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story apartment building of masonry construction with 6,396 square feet of living area. The dwelling was constructed in 1915. Features of

the building include a full basement, twelve bedrooms, and six baths. The property has a 6,200 square foot site and is located in Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted a settlement statement that disclosed the subject property was purchased from Chicago Title and Trust, as Trustee of Trust #1113939, on January 1, 2010 for a price of \$40,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,109. The subject's assessment reflects a market value of \$113,584 or \$17.76 per square foot of living area, land included, when using the 2009 three year average median level of assessments for class 2 property of 8.90% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Board of review comparable #2 sold in June 2006 for \$125,000, or \$20.13 per square foot, including land.

In written rebuttal, the appellant's attorney stated that the board of review's evidence does not contest the veracity of the subject's recent sale.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave little weight to the subject's sale due to the fact the appellant did not complete Section IV- Recent Sale Data

of the Property Tax Appeal Board's appeal form. Specifically, the appellant did not indicate whether: the transfer of the subject was between family or related corporations; the subject was advertised or exposed on the open market; or the seller's mortgage was assumed. Based on this record the Board is unable to determine whether subject's sale price reflects a fair market price. In addition, the Board notes that the subject's assessment reflects a value of \$17.76 per square foot of building area, including land. This amount is supported by board of review comparable #2 which has a sale price of \$20.13 per square foot of building area, including land. The Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
