

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elaine DeVries  
DOCKET NO.: 09-27679.001-R-1  
PARCEL NO.: 24-05-227-055-0000

The parties of record before the Property Tax Appeal Board are Elaine DeVries, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 2,766  
**IMPR.:** \$ 24,885  
**TOTAL:** \$ 27,651

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property contains a 5,824 square foot parcel of land improved with a one-story dwelling of masonry construction containing 1,575 square feet of living area. The dwelling is two years old. Features of the home include a two-car garage and air conditioning.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on eight comparable properties described as one-story, masonry dwellings that range: in age from 20 to 60 years; in size from 1,430 to 1,989 square feet of living area; and in improvement assessments from \$7.62 to \$11.49 square feet of living area. Features include one to two baths. The subject's improvement assessment is \$15.80 per square feet of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$27,651 was disclosed. The board of review presented descriptions and

assessment information on four comparable properties consisting of one-story, masonry dwellings. The dwellings range: in age from 7 to 12 years; and in size from 1,378 to 1,752 square feet of living area. Features include two baths and air conditioning. These properties have improvement assessments ranging from \$17.04 to \$18.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Furthermore, the board of review submitted sales data on comparables #1 and #2 that indicate these properties sold from September 2006 to March 2008 for sales prices of \$279,000 to \$402,000.

In addition, the appellant submitted a building permit and a contractor's statement in rebuttal. Pursuant to the Property Tax Appeal Board's official rules, specifically Section 1910.66(c) which states "Rebuttal evidence shall not consist of new evidence such as an appraisal or newly discovered comparable properties. A party to the appeal shall be precluded from submitting its own case in chief in the guise of rebuttal evidence". Therefore, the Board shall accord no weight to this new evidence submitted under the guise of rebuttal.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables #2, #3, and #4 submitted by the board of review were most similar to the subject in location, size, exterior construction and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$17.04 to \$18.59 per square foot of living area. The subject's improvement assessment of \$15.80 per square foot of living area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
