

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Mikolajczyk
DOCKET NO.: 09-28383.001-R-1
PARCEL NO.: 05-06-408-004-0000

The parties of record before the Property Tax Appeal Board are Michael Mikolajczyk, the appellant(s), by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,591
IMPR: \$117,334
TOTAL: \$156,925

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 25,543 square foot parcel of land improved with a 89 year old, two-story, masonry, single-family dwelling, with 4,046 square feet of living area, four full and two half baths, two fireplaces and a partial finished basement. The subject is further described by the board as being in deluxe condition. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, masonry or frame and masonry, single-family dwellings with three and a half to four and a half baths, air conditioning for two properties, one to two fireplaces, and full or partial basements. The properties are 85 to 101 years old with 3,700 to 4,064 square feet of living area and have improvement assessments from \$15.76 to \$24.75 per square foot of living area. Based on

this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$117,334 or \$29.00 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, masonry or frame and masonry single-family dwellings with three to four and a half baths, partial or full basements, air conditioning, and two to three fireplaces. The properties are 71 to 85 years old with 3,710 to 4,248 square feet of living area and have improvement assessments of \$29.81 to \$36.49 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of eight properties suggested as comparable to the subject. The PTAB finds the board of review's comparables #1, #2 and #4 most similar to the subject in size, design, construction and age. The properties are described as two-story, masonry, or frame and masonry, single-family dwellings. The properties are 71 to 85 years old with 3,710 to 4,248 square feet of living area and have improvement assessments from \$29.81 to \$36.49 per square foot of living area. In comparison, the subject's improvement assessment of \$29.00 per square foot of living area is below the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
