

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Abe & Lily Baroud
DOCKET NO.: 09-28742.001-R-1
PARCEL NO.: 03-22-311-009-0000

The parties of record before the Property Tax Appeal Board are Abe & Lily Baroud, the appellants, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,039
IMPR.: \$52,747
TOTAL: \$58,786

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 4,046 square feet of living area. The dwelling is approximately 65 years old. Features of the

home include a partial unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 20,130 square foot site and is located in Prospect Heights, Wheeling Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,786. The subject property has an improvement assessment of \$52,747 or \$13.04 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties presented assessment data on a total of seven suggested comparables. None of the comparables submitted were similar to the subject in all respects. The appellants' comparable #1 and board of review comparables #3 and #4 had crawl-space foundations that were dissimilar from the subject's partial unfinished basement. The appellants' comparable #3 and board of review comparables #1, #3 and #4 had significantly less living area than the subject. As a result, the appellants' comparables #1 and #3 and board of review comparables #1, #3 and #4 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellants' comparable #2 and board of review comparable #2. These two comparables, despite having less living area than the

subject, were very similar in age, location, design and features. These comparables had improvement assessments of \$11.30 and \$13.39 per square foot of living area. The subject's improvement assessment of \$13.04 per square foot of living area falls between the improvement assessments of the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
