

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Catherine Leonardo  
DOCKET NO.: 09-28869.001-R-1  
PARCEL NO.: 15-33-204-023-0000

The parties of record before the Property Tax Appeal Board are Catherine Leonardo, the appellant, by attorney Julie Realmuto of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$3,125  
IMPR.: \$24,401  
TOTAL: \$27,526**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one and 1/2-story dwelling of masonry construction containing 1,340 square feet of living area. The dwelling is 54 years old. Features of the home include a full finished basement, central air conditioning and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story frame, masonry or frame and masonry dwellings that range in age from 48 to 54 years old. The comparable dwellings range in size from 1,331 to 1,584 square feet of living area. Each comparable has central air conditioning and one comparable has a full finished basement. The appellant did not include any data concerning garages for the comparables, however, photographs depict a garage for one comparable. The comparables have improvement assessments ranging from \$15.14 to \$16.07 per square foot of living area. The subject's improvement assessment is \$18.21 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of one and 1/2-story masonry or frame and masonry dwellings that range in age from 53 to 60 years old. The dwellings range in size from 1,422 to 2,266 square feet of living area. Three comparables have a full unfinished basement and one comparable has a partial basement finished with a recreation room. Each comparable has central air conditioning and a garage ranging from 1-car to 2-car. Three comparables have a fireplace. These properties have improvement assessments ranging from \$15.54 to \$19.23 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables #1, #2 and #4 submitted by the board of review were more similar to the subject in location, size, design and/or features. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$18.86 to \$19.23 per square foot of living area. The subject's improvement assessment of \$18.21 per square foot of living area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
