

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Archer Bank  
DOCKET NO.: 09-31094.001-R-1  
PARCEL NO.: 33-17-400-005-0000

The parties of record before the Property Tax Appeal Board are Archer Bank, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,627  
**IMPR.:** \$25,493  
**TOTAL:** \$36,120

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one and one-half story dwelling of frame construction with 1,972 square feet of living area. The dwelling is approximately 104 years old. Features of the home include a crawl-space foundation and a one and one-half car garage. The property has a 1,257,644 square foot site and

is located in Lynwood, Bloom Township, Cook County.<sup>1</sup> The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,897. The subject property has an improvement assessment of \$35,270 or \$17.89 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Both parties presented assessment data on a total of seven suggested comparables. Although the comparables were very similar to the subject in living area, all of them differed from the subject in age and foundation. Furthermore, the Board finds that all of the comparables submitted had improvement assessments much lower than the subject. The comparables had improvement assessments that ranged from \$8.50 to \$11.57 per square foot of living area. The subject's improvement assessment of \$17.89 per square foot of living area falls above the range established by the comparables submitted. Based on this record, the Board finds the subject's improvement is inequitably assessed and a reduction commensurate with the appellant's request is appropriate.

---

<sup>1</sup> The subject property's site consists of an unimproved lot with 27.872 acres and an improved lot with 43,560 square feet. Together, the two lots total 1,257,664 square feet of land area.
