

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian P. Liston
DOCKET NO.: 09-34109.001-R-1
PARCEL NO.: 18-07-105-021-0000

The parties of record before the Property Tax Appeal Board are Brian P. Liston, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 18,956
IMPR.: \$ 79,337
TOTAL: \$ 98,293

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of masonry construction. The dwelling is 82 years old and contains 3,088 square feet of living area. Features of the home include a partial unfinished basement, a fireplace, and a one and one-half car garage. The subject is located in Hinsdale, Lyons Township, Cook County.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three suggested comparable properties described as two-story dwellings of frame or frame and masonry construction; however, the appellant did not provide any information regarding the comparables' location, design, exterior construction, and features. The comparable properties have the same assigned neighborhood code as the subject. The comparable dwellings are from 68 to 82 years old and contain from 3,127 to 3,632 square feet of living area. The comparables have improvement assessments ranging from \$73,458 to \$89,968 or from \$21.48 to \$24.88 per square foot of living area. The subject's improvement assessment is \$79,377 or \$25.70 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$73,216 or \$23.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$98,333 was disclosed. The board of review presented descriptions and assessment information on four suggested comparable properties consisting of two-story dwellings of masonry or frame and masonry construction. The comparable properties have the same assigned neighborhood code as the subject. The dwellings are from 70 to 87 years old and contain from 2,829 to 3,345 square feet of living area. Each comparable has a garage, one or two fireplaces, central air conditioning, and an unfinished basement, either full or partial. These properties have improvement assessments ranging from \$78,539 to \$86,974 or from \$26.00 to \$29.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Both parties presented assessment data on a total of seven suggested comparables. The Board gave little weight to the appellant's comparables due to the lack of descriptive information about the improvements which prevents a meaningful analysis to determine the similarities of the comparables to the subject property. The Board finds the board of review's comparables were similar to the subject in size, age, design, and location. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$78,539 to \$86,974 or from \$26.00 to \$29.28 per square foot of living area. The subject's improvement assessment of \$79,377 or \$25.70 per square foot of living area falls below the range established by these comparables on a per square foot basis. The Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
