

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Crededio  
DOCKET NO.: 09-34376.001-I-1 through 09-34376.005-I-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are John Crededio, the appellant(s), by attorney Adam E. Bossov, of Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a one-story building of masonry construction with 76,248 square feet of building area. The building is 59 years old. The property has a 408,279 square foot site, and is located in Chicago, West Chicago Township, Cook County. The PINs ending in -026, -027, -028, and -029 are

classified as a class 5 property under the Cook County Real Property Assessment Classification Ordinance. The PIN ending in -015 is classified as a class 1-00 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$1,900,000 as of January 1, 2009.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$571,850. The subject's assessment reflects a market value of \$3,221,330 when applying the 2009 blended level of assessment for the subject of 17.75%.

In support of its contention of the correct assessment, the board of review submitted information on 10 comparable sales from the CoStar Comps Service.

In rebuttal, the appellant stated that the Cook County Assessor reduced the subject's assessment to \$479,376 for tax year 2010. The appellant argued that, under Hoyne Sav. and Loan Ass'n v. Hare, 60 Ill.2d 84 (1974), the subject's assessment for tax year 2009 should be similarly reduced.

#### Conclusion of Law

The Board gives no weight to the appellant's contention of law referencing Hoyne. In Moroney & Co. v. Property Tax Appeal Board, 2013 IL App (1st) 120493, the Court stated that the appellant's reliance on Hoyne "for the proposition that subsequent actions by assessing officials are fertile grounds to demonstrate a mistake in a prior year's assessments" was misplaced. Moroney, 2013 IL App (1st), ¶ 46. In Moroney, the Court wrote in pertinent part:

[I]n each of those unique cases [Hoyne and 400 Condominium Ass'n v. Tully, 79 Ill.App.3d 686 (1979)], which are confined to their facts, there were glaring errors in the tax assessments—in Hoyne, the assessment was increased on a property from \$9,510 to \$246,810 in one year even though no changes or improvements to the property had occurred (Hoyne, 60 Ill.2d at 89), and in 400 Condominium, assessments on a garage were assessed separately from the adjoining condominium in violation of the Condominium Property Act (400 Condominium, 79

Ill.App.3d at 691). Here, based upon the evidence that was submitted, there is no evidence that there was an error in the calculation of the 2005 assessment. Rather, the record shows that the 2005 assessment was properly calculated based on the market value of the property.

Id. The Board finds the appellant presented no credible evidence showing there were unusual circumstances present in this 2009 appeal relative to the establishment of the subject's assessment for tax year 2010. Therefore, the Board finds that the appellant's Hoyne argument is without merit.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$1,900,000 as of the assessment date at issue. Since market value has been established, the Board finds that a reduction to that requested by the appellant is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
