

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Albert Perry
DOCKET NO.: 09-34436.001-R-1
PARCEL NO.: 17-34-121-031-0000

The parties of record before the Property Tax Appeal Board are Albert Perry, the appellant, by attorney Richard Shapiro in Evanston and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,687
IMPR.: \$22,135
TOTAL: \$29,822

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a three-story, mixed-use and multi-family building of masonry construction. The building is 118 years old and has 4,470 square feet of building area. The building has three apartment units. Based on photographic evidence provided by the appellant, the building also has a commercial unit. The property has a 3,075 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends the assessment of the subject property is inequitable. In support of this argument, the appellant submitted descriptions and assessment information on four

comparables. The data provided by the appellant indicated the comparables had improvement assessments ranging from \$5.20 to \$6.96 per square foot of building area. The appellant indicated the subject had a total assessment of \$39,731 and an improvement assessment of \$32,044 or \$7.17 per square foot of building area. Based on this evidence, the appellant requested the subject's assessment be reduced.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends assessment inequity as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds a reduction is warranted.

The appellant in this appeal submitted assessment information on four assessment comparables to demonstrate the subject was inequitably assessed. These comparables had improvement assessments that ranged from \$5.20 to \$6.96 per square foot. The subject has an improvement assessment of \$7.17 per square foot, which is above the range established by the comparables. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. Based on this record, the Property Tax Appeal Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
