

**AMENDED
FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith & Julie Radner
DOCKET NO.: 09-35375.001-R-1
PARCEL NO.: 04-01-401-065-0000

The parties of record before the Property Tax Appeal Board are Keith & Julie Radner, the appellant(s); of Sarnoff & Baccash in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 14,894
IMPR: \$ 41,176
TOTAL: \$ 56,070**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2009 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 3,528 square feet of living area. The dwelling was constructed in 1968. Features of the home include a full basement, central air conditioning, a fireplace and a two-car garage. The property has a 13,855 square foot site and is located in New Trier Township, Cook County. The property is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$630,000 as of August 31, 2009. In addition, the appellant submitted a copy of a sale contract for the subject property. The sale contract indicates a sale price of \$590,000. The appellant also submitted an unsigned settlement statement that indicates the subject was sold in October 2009 for \$590,000. The appellant failed to answer any of the questions on the Property Tax Appeal Board's appeal form Section IV- Recent Sale Data.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,093. The subject's assessment reflects a market value of \$1,248,236 or \$353.81 per square foot of living area, including land, when applying the 2009 three year median level of assessments for class 2 property of 8.90% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted four suggested comparables. Three of the comparables (comparables #1, #2, and #3) had recent sales. These comparables range in size from 3,233 to 3,732 square feet of living area. The sales took place from April 2007 to July 2008. The sale prices ranged from \$1,475,000 to \$1,800,000, or from \$395.23 to \$497.51 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$630,000 as of the assessment date at issue. Since market value has been established the 2009 three year median level of assessment for class 2 property of 8.90% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

Less weight was given to the appellant's evidence regarding the sale of the subject because the appellant did not provide evidence that the sale of the subject was an arm's-length transaction.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
