

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cornerstone Real Properties, LLC
DOCKET NO.: 10-00878.001-R-1
PARCEL NO.: 14-34-480-003

The parties of record before the Property Tax Appeal Board are Cornerstone Real Properties, LLC, the appellant; and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,570
IMPR: \$ 8,980
TOTAL: \$ 10,550

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a two-story frame dwelling containing 1,528¹ square feet of living area that was built in 1900. Features include an unfinished basement, central air conditioning and a detached garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted three suggested comparable sales. The comparables consist of a one and one-half story and two, two-story brick or frame dwellings that were built from 1910 to 1930. The comparables are located two to five blocks from the subject. Features include unfinished basements and central air conditioning. Comparables 1 and 2 have a garage. The dwellings range in size from 1,360 to 1,542 square feet of

¹ The appellant described the subject as having 1,500 square feet of living area, but did not submit any evidence to support the reported dwelling size. The board of review described the subject as containing 1,528 square feet of living area and submitted the subject's property record card, which contained a detailed schematic drawing of the subject dwelling. After reviewing the documentation, the Board finds the subject dwelling contains 1,528 square feet of living area.

living area. The comparables sold from January to December of 2009 for prices ranging from \$11,500 to \$15,200 or from \$7.46 to \$11.17 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$10,550 was disclosed. The subject's assessment reflects an estimated market value of \$31,844 or \$20.84 per square foot of living area including land when applying Peoria County's 2010 three-year median level of assessment of 33.13%.

In support of the subject's assessment, the board of review submitted four suggested comparable sales with their associated property record cards. The comparables consists of a one and one-half story and three, two-story frame or masonry dwellings that were built in 1920 or 1930. The comparables have unfinished basements and central air conditioning. Two comparables have a fireplace and three comparables have a garage. The dwellings range in size from 1,464 to 1,584 square feet of living area. The comparables sold from March 2006 to July 2010 for prices ranging from \$42,500 to \$94,000 or from \$28.45 to \$59.34 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. (86 Ill.Admin.Code §1910.65(c)). The Board finds the appellant has not met this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparable sales for the Board's consideration. The Board gave less weight to comparable 2 submitted by the board of review. This property sold in 2006, which is dated and less indicative of market value as of the subject's January 1, 2010 assessment date. The Property Tax Appeal Board finds the remaining six comparable sales submitted by the parties are more similar to the subject in location, design, age, size and features. These comparables sold from January 2009 to July 2010 for prices ranging from \$11,500 to \$57,000 or from \$7.46 to \$38.93 per square foot of living area including land. The subject's assessment reflects an estimated

market value of \$31,844 or \$20.84 per square foot of living area including land, which falls within the range established by the most similar comparables contained in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's assessed valuation is supported by a preponderance of the evidence contained in this record. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
