

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shahnaz Parveen  
DOCKET NO.: 10-02162.001-R-1  
PARCEL NO.: 10-05-205-038

The parties of record before the Property Tax Appeal Board are Shahnaz Parveen, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$47,740  
**IMPR.:** \$0  
**TOTAL:** \$47,740

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of approximately 16,000 square feet of vacant land. The property is located in Darien, Downers Grove Township, DuPage County.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. The evidentiary documentation to support the lack of uniformity claim consists of four suggested comparables located in the same neighborhood as the subject. The comparables are improved and range in size from approximately 16,000 to 35,000 square feet of land area. The comparables have land assessments ranging from \$45,330 to \$59,060. The subject property has a land assessment of \$70,860. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review did not timely submit its "Board of Review Notes on Appeal" and evidence in support of the assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant claims unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The appellant presented assessment data on a total of three equity comparables that were similar to the subject in location. The Board gave less weight to the appellant's comparables #1 and #3 because of their size when compared to the subject. The Board finds the remaining comparables are more similar to the subject and received the greatest weight in the Board's analysis. They had land assessments of \$46,140 and \$49,340, respectively. The subject's assessment of \$70,860 is greater than these two most similar comparables. Therefore, the Board finds the subject's assessment is not supported by the most comparable properties contained in this record and a reduction in the subject's assessment is warranted. The board of review did not timely submit evidence in support of the assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. (86 Ill.Admin. Code 1910.40(a) & 1910.69(a)).

As a result of this analysis, the Property Tax Appeal Board finds the appellant has adequately demonstrated that the subject was inequitably assessed by clear and convincing evidence and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
