

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sei Chun
DOCKET NO.: 10-02608.001-R-1
PARCEL NO.: 07-26-106-018

The parties of record before the Property Tax Appeal Board are Sei Chun, the appellant, by attorney Mitchell L. Klein, of Schiller Klein, PC, in Chicago, and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,990
IMPR: \$139,340
TOTAL: \$183,330

Subject only to the State multiplier as applicable.

ANALYSIS

The subject parcel of approximately 20,096 square feet of land area is improved with a two-story single-family dwelling of brick exterior construction. The home was built in 1990 and contains approximately 4,489 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and an attached three-car garage. The property is located in Naperville, Naperville Township, DuPage County.

The appellant through legal counsel contends that the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument, the appellant submitted an appraisal of the subject property.

The appraisal was prepared for the owner to develop an opinion of market value for a tax appeal using the sales comparison approach to value. The appraiser Cindy Gotshall, a State Certified Residential Real Estate Appraiser, estimated the subject property to have a market value of \$550,000 as of January 1, 2010.

In the sales comparison approach, the appraiser considered four sales in Naperville and which were located within 1.07-miles of the subject. The sales occurred between June and September 2009 for prices ranging from \$470,000 to \$605,000. In the comments, the appraiser noted these sales, after analysis of numerous sales, were deemed to be most representative. Two sales were within the subject's subdivision.

The appellant also submitted a copy of the board of review final decision wherein the subject's final assessment of \$241,400 was disclosed. The total assessment of the subject property reflects a market value of approximately \$725,361 including land using the 2010 three-year median level of assessments in DuPage County of 33.28%. (86 Ill.Admin.Code §1910.50(c)(1)).

Based on the evidence, the appellant asserted that the subject has a market value of \$550,000 and therefore the subject's assessment should be reduced to \$183,333 using the statutory level of assessment of 33.33%.

The board of review did not timely submit its "Board of Review Notes on Appeal" along with its evidence in support of its assessed valuation of the subject property.¹ (86 Ill.Admin.Code §1910.40(a)). As a result, the board of review was found to be in default by letter dated September 14, 2012.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). Proof of the market value of the subject property may consist of an appraisal of the subject property as of the assessment date at issue. (86 Ill.Admin.Code §1910.65(c)(1)). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Except in counties with more than 200,000 inhabitants that classify property, property is to be valued at 33 1/3% of fair cash value. (35 ILCS 200/9-145(a)). Fair cash value is defined in the Property Tax Code as "[t]he amount for which a property can be sold in the due course of business and trade, not under duress, between a willing buyer and a willing seller." (35 ILCS

¹ The board of review was notified of this appeal by correspondence issued on November 9, 2011 and setting February 7, 2012 as the deadline for submission of evidence by the board of review. The board of review's "Notes on Appeals" and evidence were postmarked on June 15, 2012.

200/1-50). The Illinois Supreme Court has construed "fair cash value" to mean what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing, and able to buy but not forced so to do. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970).

The appellant in this appeal submitted the only evidence of market value in the record. The appellant submitted an appraisal estimating the subject property had a market value of \$550,000 as of January 1, 2010. The board of review did not submit any timely evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the Official Rules of the Property Tax Appeal Board. (86 Ill.Admin.Code §1910.40(a)). The Board has examined the information submitted by the appellant and finds that the subject property is overvalued and a reduction in accordance with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
