

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michele Pannarale
DOCKET NO.: 10-03246.001-R-1
PARCEL NO.: 02-02-315-072

The parties of record before the Property Tax Appeal Board are Michele Pannarale, the appellant, by attorney Lisa A. Marino of Marino & Assoc., PC, Chicago, Illinois; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,570
IMPR.: \$39,820
TOTAL: \$53,390

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story single family dwelling with 1,113 square feet of living area. The dwelling is approximately 24 years old. Features of the home include a basement, central air conditioning and one fireplace. The subject property is located in Roselle, Bloomingdale Township, DuPage County.

The appellant contends the assessment of the subject property is inequitable. In support of this argument the appellant submitted descriptions and assessment information on three comparables. The data provided by the appellant indicated the comparables had improvement assessments ranging from \$32.25 to \$38.16 per square foot of building area. The appellant submitted a copy of the decision issued by the board of review establishing a total assessment of \$57,500 and an improvement assessment of \$43,930 or \$39.47 per square foot of living area. Based on this evidence the appellant requested the subject's assessment be reduced.

The board of review did not timely submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends assessment inequity as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data the Board finds a reduction is warranted.

The appellant submitted assessment information on 3 assessment comparables to demonstrate the subject property was inequitably assessed. The comparables had improvement assessments ranging from \$32.25 to \$38.16 per square foot of living area. The subject has an improvement assessment of \$39.47 per square foot of living area, which is above the range established by the comparables. The board of review did not timely submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. (86 Ill.Admin.Code 1910.40(a) & 1910.69(a)). Based on this record the Property Tax Appeal Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
