

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy O'Meara
DOCKET NO.: 10-03621.001-R-1
PARCEL NO.: 07-24-406-019

The parties of record before the Property Tax Appeal Board are Timothy O'Meara, the appellant, by attorney Robert D. Lin of Law Offices of Robert D. Lin, LLC, in Naperville; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,530
IMPR.: \$53,970
TOTAL: \$100,500

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a tri-level single family residence of frame construction containing 1,354 square feet of living area. Features of the home include central air conditioning, a fireplace and a two-car garage. The dwelling is approximately 51 years old. The property is located in Naperville Township, DuPage County, Illinois.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument, the appellant submitted a grid analysis of six suggested comparable sales. The comparables are improved with tri-level frame dwellings containing from 1,152 to 1,542 square feet of living area. The dwellings range in age from 48 to 53 years old. Features include central air conditioning, a fireplace and two-car garages. The comparable sales occurred from September 2009 to February 2011 for prices ranging from \$219,000 to \$289,900 or from \$175.10 to \$223.00 per square feet of living area including land. In addition, the appellant submitted a settlement statement disclosing that the subject property was purchased in March 2008 for \$313,000.

The appellant also submitted the subject's 2010 notice of final assessment issued by the DuPage County Board of Review wherein the subject's final assessment of \$106,180 was disclosed. The subject's assessment reflects an estimated market value of \$319,050 or \$235.64 per square foot of living area including land, using DuPage County's 2010 three-year median level of assessments of 33.28%.

Based on this evidence the appellant requested the subject's assessment be reduced to \$100,500.

The board of review did not timely submit its "Board of Review Notes on Appeal" and evidence in support of the assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. (86 Ill.Admin.Code §1910.65(c)). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted six comparable sales for the Boards consideration. The board of review did not timely submit any evidence in support of the assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. (86 Ill.Admin.Code 1910.40(a) & 1910.69(a)).

The Board finds the appellant's comparables are similar to the subject in size, style, exterior construction, age and features. The sales occurred from September 2009 to February 2011 for prices ranging from \$219,000 to \$289,900 or from \$175.10 to \$223.00 per square feet of living area including land. The subject's assessment reflects an estimated market value of \$319,050 or \$235.64 per square foot of living area including land, which is above the range of the comparables. After making adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
